

# Dive Bar Dashers

*Date: 11/16/2005*

*Time: 7:30 P.M.*

**Dive Bar:** A drinking establishment with a run down appearance and atmosphere. Drinks tend to be cheap and of low quality, but frequently are of a high alcohol content. Since dives lack an appealing atmosphere, people tend to frequent dives for the sole purpose of drinking inexpensively, though sometimes there are regulars (that's us) who appreciate the laid back atmosphere.
